PROFESSIONAL EXPERIENCE

- Postgraduate Research Assistant: Global Summitry Project** May 2021 - Present
- Conducting and publishing background research on Agenda 2030; global governance and development assistance reform; as well as Think20 Policy Briefs on the thinktank's website and blog for a non-expert audience
 - Overseeing the development of a Masters-level Massive Open Online Course ("MOOC") on the Agenda 2030 and Global Governance open to students from select international universities
 - Coordinated stakeholder outreach to international and multilateral partners from public and private sectors to organize joint workshops on sustainable development
 - Leading semi-structured interviews with experts from academia and the public sector as background research for publications by the policy staff of the thinktank

**Graduate Research Assistant: Munk School of Global Affairs
& Public Policy**

May 2020 - July 2021

- Delivered data analysis of large household datasets using microeconomic methods to detect statistically significant effects of violent conflict on domestic violence in Timor-Leste
- Produced comprehensive literature review on consequences of violent conflict on other development issues such as violence against women or food security
- Finalized drafts of state of the art research articles published in academic journals

Undgraduate Teaching Assistant: University of Konstanz

April 2018 - August 2018

- Efficiently conducted two weekly 90 minute tutorial sessions for BA lecture on corporate strategy and leadership for a group of 40 students each
- Mentored first year undergraduate students in navigating their first exposure to this specific field of research and academia in general
- Provided swift technical support for lecturer before, during and after lecture

Intern: German Embassy to Australia

January 2018 - April 2018

- Compiled succinct daily press briefings of Australian news for the embassy, embassies in the region and relevant departments in the head office of the German Federal Foreign Office
- Conducted research on different issues leading to co-authored diplomatic correspondences on these matters sent out to other embassies and the head office
- Critically evaluated events of interest to the embassy such as Arctic Council Meetings or lectures by Australian Foreign Policy thinktanks in the form of in-house memos

SCHOLARSHIPS

- Paul Cadario Fellowship in Global Affairs October 2020 - June 2021
- DAAD Stipend for internship abroad at the German Embassy in Canberra, Australia January 2018 - April 2018

VOLUNTEER EXPERIENCE

Volunteer Researcher: GermanZero e.V.

April 2020 - January 2021

- Contributed to internal report on whether and how economic growth and effective climate change policy can be integrated in German context
- Conducted qualitative policy research on range of issues concerning greenhouse gas reduction potential in Germany including domestic airport subsidies and EU agricultural policy
- Produced comparative analysis of international climate change acts in other jurisdictions
