

Global Exchange, North America and Asia

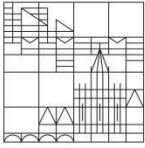

Christina Fritz & Werner Palz

10. November 2021

University of Konstanz' Partner Universities

A black and white photograph of a lion dance mask, likely a Chinese lion dance mask, with intricate details and a large, open mouth showing teeth. The mask is made of a material that looks like paper or fabric, with a textured surface. It has large, expressive eyes and a prominent nose. The mask is being held by a person, whose hands are visible at the top. The background is slightly blurred, showing other people and what appears to be a festival or event setting.
