

Teaching Day
at the Department of Politics and Public Administration

„Teaching inclusively“

Wednesday, 8 February 2023, 2 – 5 p.m.

Room D 301

Our society is becoming increasingly diverse. This is also reflected in the composition of the Department. People of different ages, genders, nationalities, social backgrounds, etc. come together in the courses and in everyday study and work at the Department. The aim of the Teaching Day on Diversity is to work out approaches on how diversity can be perceived as an opportunity and how the different needs of students and staff can be addressed. In particular, the participants will deal with the diversity-appropriate design of courses in order to create an inclusive learning atmosphere for all students.
